WORK EXPERIENCE

IT Manager

Intrawelt

🕒 10/2024 – Ongoing

📍 Intrawelt

- Microsoft 365 Business expertise
- Certificazione qualità
- IT administration and billing
- Project planning, scheduling, controlling
- Technical knowledge architecture leader & documentation
- Infrastructure & Virtualization
- Cloud platforms and services
- Support and automation
- Formatting machines and operating systems
- Networking engineering and security
- Leadership, Management & cross-cutting responsibilities
- Entrepreneurship and technical leading
- Full-stack development and devOps (SaaS)
- LLMs and Generative AI (custom project technical lead)
- Software & License management and migration
- Backup strategies design, storage and disaster recovery
- System Administration (formal appointment)
- Advanced helpdesk
- Time and attendance management software (migration and deployment)
- ERP & Business applications (software developing)
- Data management, analytics & reporting
- Cybersecurity & IT Governance: internal ISO/IEC 27001 lead, **CompTIA Security+** in progress, NIST self-study.
- IT service design and user experience
- Experimental or ad-hoc projects

Product Manager

Clementoni S.p.A.

🕒 09/2023 – 10/2024

📍 Clementoni

- Definition of new products with market requirements and monitoring of competitors for product strategy
- Identification and management of foreign suppliers
- Collaboration with all company functions (Operations, Marketing, Sales, Graphic Designers, Developers)
- Presenting reports to stakeholders (internal and external) and CEO
- Analysis, definition, and review of costs
- Leading the end-to-end development lifecycle for innovative gaming experience along with a pedagogical approach and UX
- Monitoring product performance and data through PLM software
- Ensuring achievement of product roadmap objectives

Electroacoustic product engineer

Elettromedia S.p.A.

🕒 09/2020 – 09/2023

📍 Elettromedia

- Engineering and development of loudspeakers for international clients across all stages of the development and production lifecycle
- Translating product technical requirements into design options
- Electrical and acoustic tuning of modern audio systems for car, marine and professional audio (PA) sectors
- Quality assessment and setup of complex audio systems
- Managing project workflows with daily interaction with overseas production teams

Event production staff (contract)

Labilia

🕒 08/2018 – 10/2019

- Event logistics (on-site operations, setup, supervision, and troubleshooting during events managing technical gear and materials and adapting quickly to unexpected issues)

EDUCATION

M.Sc. in Telecommunications engineering

Politecnico di Milano

🕒 09/2017 – 06/2020

Thesis: Feature-based characterization of loudspeakers

B.Sc. in Electronic engineering

Università politecnica delle Marche

🕒 09/2014 – 07/2017

Thesis: Study and development of synchronization systems performances for gps-based WSN

Part time Master in Business Strategy and Management - 3rd Edition

ISTAO

🕒 04/2023 – 01/2024

Business strategy and planning, financial KPI analysis, team leadership, B2B marketing/sales, negotiation for international expansion, Lean principles.

24CFU Educational Path

Università di Camerino

🕒 06/2020 – 07/2020

Anthropology, psychology, and pedagogy teaching methodologies

MOST PROUD OF

🏢 Full IT Infrastructure end-to-end transformation

Servers, network, storage, backup and disaster recovery. 📁

👤 Le mie prime 100 parole

Complete product lifecycle of "Le mie prime 100 parole", from concept to launch.

🔊 Hertz HTX 8 M-CL-W / -C

End-to-end development of Hertz HTX 8 M-CL-W/C clamp tower speakers.

INTERESTS AND GROWTH

Bar attendant, Waiter (contract)
Caffè del teatro Cerolini
🕒 06/2013 – 08/2017 📍 Caffè del teatro

- Bar and table service, served coffee and artisan ice cream.

MAIN PROJECTS

Company-related Projects

- 🕒 09/2024 – ongoing
- **SaaS portal development:** scenia® (scenia.it), a multilingual SaaS portal for a translation service, full-stack domain-driven architecture. Details 📄
 - **Qdrant + Ollama + n8n Self-Hosted Knowledge Management:** on-premise RAG system (3,000 pages), n8n workflows for context-aware helpdesk. Details 📄

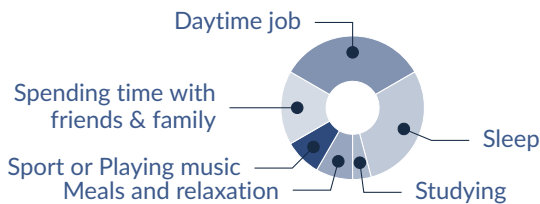

Private projects/applications

- 🕒 09/2023 – ongoing
- **Wedding planner app:** Full-stack React/Firebase wedding-planning app; in active development. Details 📄
 - **Infrastructure & self-hosting:** Vaultwarden, Caddy/TLS, dynamic DNS, Oracle Cloud; Windows state snapshot/restore; home-lab network segmentation. Details 📄
 - **AI & automation tools:** local legal-research assistant (MCP server); offline audio transcription (WhisperX); algorithmic trading bot; custom Telegram bot. Details 📄
 - **Web apps & tools:** bilingual blog (Next.js); Pokémon team-builder; travel-itinerary app; crossword generator. Details 📄
 - **Audio & hardware:** headphone-amp/USB-DAC reverse engineering; AI-upscaled VHS digitization; DIY studio monitors; deep Android customization. Details 📄
 - **Personal data tools:** PayPal transaction sync; trading-card collection tracker with live pricing. Details 📄

Academic projects

- 🕒 09/2017 – 02/2021
- **Nonlinear devices in Guitar Speakers** (01/2021 – 05/2021): UNIVPM university project, Multirate DSP and Adaptive Filterbanks (AY 2020/2021): MATLAB/C++ algorithms using Volterra series and exponential sweep.
 - **Developing app for listening test** (01/2020 - 02/2020): MATLAB GUI for a controlled listening test on loudspeaker perception, master's thesis Feature-based characterization of loudspeakers: subjective evaluation with OSC/Reaper playback.
 - **Harmonic Tension Extractor** (03/2019 - 08/2019): VST3 plugin for geometrical tonal-harmony modeling (Spiral Array model, JUCE framework) for intelligent lighting at the Festival stage, Valle dei Templi (08/2019).
 - **EOLO tv spot** (09/2019 - 12/2019): Sound design and reinforcement of official commercial advertizing spot
 - **Gesture Glove Harmonizer** (2018): web app interacting with microcontroller
 - **Channel Estimation and Equalization for MIMO Systems** (2017): smart matrix frame for a statistical DSP problem

A WEEKDAY OF MY LIFE

COURSES AND EVENTS

Technical and professional skills

- **Odoo ERP development:** Training program with Openforce Pedaso (FM) (Nov 2024 – Jan 2025): full application lifecycle.
- Other audio seminars/workshops: Klippel Virtual Lecture, Arrangement/recording masterclass, K-ACADEMY loudspeaker systems workshop, K-ARRAY and B&C Speakers seminars

Humanities and personal development

- **Acting, Theatre and Public speaking** (09/2025 – 07/2026): public speaking and diction course and public stage performance as narrator (*Callaghan*). Review and certificate
- **“Hold Me Tight” EFT couples workshop**, Sue Johnson, Fano (12/2025) 📄

- **Guitar & harmony theory:** lead guitarist since 2008, live and studio; book in progress on western harmony.
- **Audiophile:** hi-fi audio chain, external DACs, critical listening.
- **Personal finance:** self-managed portfolio; quantitative finance study.
- **Gaming:** Pokémon franchise since 1999, platformers and action RPGs.
- **Pokémon cards:** WOTC/EX sets; local value-tracking tool.
- **Private teaching:** Calculus, Electronics, IT, TLC, Physics.
- **Psychology:** neurodiversity/ASD; EFT couples therapy.
- **Home optimization:** insurance, utilities, maintenance, documentation.
- **Ubuntu & Linux:** configuring and customizing multiple distributions.
- **Samsung/Microsoft ecosystem:** cross-device sync, privacy and permission management.
- **Android customization:** custom ROMs, fastboot, digital photography.
- **3D printing:** decorative prototypes in PLA, post-processing and finishing.
- **Applied statistics:** Excel models; e-scooter battery diagnostics.
- **Jigsaw puzzles:** typically 1500 pieces, for a cognitive reset.
- **Special Education Needs:** personal study of Educational Sciences.
- **Songwriting:** lyrics and melody over acoustic guitar harmonies.

VOLUNTEERING

- **Bone-marrow donor, ADMO**
HLA-typed donor since 2019; ADMO event organizer and regional councilor for three years.
- **Educator**
Support for catechism activities in my local parish since 09/2023.

SOFT SKILLS

- Teamwork oriented
- Good listener
- Good communicator
- Critical thinking
- Time management
- Flexibility
- Problem-solving
- Strategic vision
- Negotiation
- Eye for detail
- Technical Leadership
- Resilience
- Decision-Making
- Emotional Intelligence
- Adaptability
- Continuous Learning
- Proactive attitude
